PROFILE

I am a passionate and detail-oriented Website Developer with expertise in WordPress, Wix, Squarespace, HTML, CSS, and PHP. I specialize in custom WordPress development, Figma-to-responsive website conversion, and building dynamic, user-friendly web solutions. I focus on delivering clean, modern, and performance-optimized websites tailored to client needs.

WORK EXPERIENCE

SHE Technologies Pvt.Ltd 01/12/2025- PRESENT
Wordpress Developer

- Worked at SheTechnology as a Web Developer, where I designed, developed, and maintained responsive websites based on client requirements. I handled website customization, content updates, graphics changes, and page development using WordPress, HTML, CSS, and PHP. This experience enhanced my technical skills and strengthened my ability to manage real-world web projects efficiently.

BezoNet 04/01/2025 To 15/11/2025
Wordpress Developer

- Worked at Bezonet as a WordPress Developer, where I developed and customized responsive websites using HTML, CSS, and PHP. I also implemented on-page SEO strategies, improved website performance, and optimized content to enhance search engine visibility and user experience.

CodeVista 09/10/2024 To 01/01/2025
Paid Internship As Wordpress Developer

- Completed a 3-month paid internship at Code Vista, where I gained hands-on experience in web development and real-world project execution. During this internship, I worked on website design and development tasks using WordPress, HTML, CSS, and PHP, contributing to live projects and improving my technical and problem-solving skills.

EDUCATION

BS Software Engineering 2020 - 2024
